This voluntary recall involves only Ameristep Plastic Tree Steps, Models: 105 and 155 with date codes manufactured in the year 2008. To locate the date code on your product, you must look on the side of the plastic tree step where you will find a stamp (as shown in the diagrams below). This stamp is a circle with a number in the center (identifying the year) and an arrow pointing to a number (identifying the month). If the year reads “08” then your tree step is involved in this voluntary recall.
